

ANOTHER HALF MONTH FOR SIDEWALK REPAIRS.

Granted by Common Council—Trolley Company Arranges About Boswell Avenue Pole Line.

A further extension of 15 days was allowed the property owners who have been ordered to repair their walks, owing to the measure of work on the trolley line. At the adjourned meeting of the court of common council Monday evening in the council chamber, Clerk Moore read the roll, showing seven absentees: Aldermen McCoughlin, Beckley and Hourigan and Councilmen Cruthers, Baker, Kramer and Shannon.

The first business was the hearing on the petition of the Shore Line Electric company for a change of their original plans for the pole locations in connection with the new Boswell avenue trolley line from Franklin street to Pratt street. Superintendent Anderson of the trolley company explained that arrangements had been made with the gas and electric department and with the Southern New England Telephone company whereby attachments could be made on the poles of these two companies, thus doing away with another line of poles on the street. As is now proposed there will be but two lines of poles on the street; those on one side belonging to the trolley company and those on the other side bearing the trolley line attachments, belonging to the electric and telephone companies.

Pole Line Plan Satisfactory.
City Engineer George E. Pitcher stated that the gas and electric department had asked for a new location of poles on the street and inquired whether the trolley company expected to make attachments where the poles are now located or at the new locations. Plans of the proposed line were produced by Clerk Moore and on examination Mr. Pitcher found everything satisfactory. Several property owners were present to learn where poles would be located in the vicinity of their property and the locations were explained to them by Engineer Pitcher.

Alderman Gebrath presented a resolution granting the petition of the trolley company and the resolution was adopted.

Petitions.
A petition signed by George E. Pitcher and 50 others who have occasion to use the sidewalks on Division street, requesting that the city order property owners to lay asphalt walks on Division street, was referred to the public works committee.

A petition to remove a tree growing in the middle of the sidewalk in front of No. 76 Spring street was referred to the same committee.

A petition for an electric light in front of No. 129 Broad street was referred to the police commissioners.

Claim for Damage to Automobile.
An itemized bill amounting to over \$50, with a claim for damages to his automobile, was presented by Dr. William Tyler Browne. On the evening of July 23 Dr. Browne was going up Washington street and in passing two other cars his machine struck a stone post, breaking a front wheel and otherwise damaging the machine. The claim was referred to the finance committee.

Owing to the fact that contractors were unable to keep up with the demands upon their services, Mayor Murphy said that he felt that property owners should be allowed a further extension of time in which to complete repairs to the sidewalks as ordered, and on motion of Alderman Gebrath it was voted to extend the time limit to Oct. 1.

Will Inspect Eighth Street Crossing.
Regarding the abolishing of the grade crossing at Eighth street in Greenville, the mayor said he had communicated with Division Superintendent Hollywood of Hartford and that the superintendent had promised to visit the city and inspect the crossing, to decide what action should be taken in the matter.

Sachem Street Walks and Curb.

The report of the public works committee on the establishing of lines and grades for sidewalks on both sides of Sachem street was presented with a resolution ordering the property owners to lay a cement curb and walk six feet wide by Nov. 1. The report was accepted and a resolution setting Oct. 4 for a hearing on the matter was adopted. Councilman Bailey stated that the people in that section were willing to lay walks but that they wished to lay sidewalks which would be of a permanent nature. He said he said walks laid according to the lines prescribed in the report of the committee would be below the roadways, and that the reason people objected to laying walks on these lines, the Engineer Pitcher explained that the trolley tracks must be lowered and at that time the road would be lowered below the level of the proposed sidewalk grade. The grades adopted were, in his opinion, he said, the best possible for permanent improvement of the street.

Reports from the public works committee establishing lines and grades for sidewalks on the northern side of Cliff street and on the eastern side of Crescent street were received and resolutions adopted setting Oct. 6 for hearing both projects.

A communication from the city of Detroit urging that the city send delegates to the American roads congress at Detroit Sept. 29-Oct. 4 was voted placed on file. The meeting adjourned at 8:50.

How to Keep Face Young and Attractive

(National Hygienic Review.)
The way to ward off old age is not to fear it, not to allow one's self to be oppressed by the dread of advancing years. Use only legitimate preventives, and avoid trying experiments with preparations not endorsed by physicians. An entirely safe and very effective way to keep the complexion young looking and beautiful is to apply ordinary mechanical wax at bedtime using it like cold cream, washing it off in the morning. This gradually absorbs the withered, faded particles, which is replaced by the more youthful, pink-tinted underlying tissue. The use of this wax to be used at any stage of life is enough to completely rejuvenate a worn-out complexion.
Grow a few and other wrinkles, the first signs of advancing years, may be removed by a simple harmless preparation made by dissolving an ounce of powdered saxolite in a half pint weak. It is used as a face bath.

FIGHTING DOGS HAD TO BE PULLED APART.

Each Had an Ear Hold on Franklin Square.

Two dogs with a fixed determination to fight made a few lively moments on Franklin square at the corner of Rose place on Monday afternoon about 5 o'clock, requiring to be pulled apart by several men. The dogs, which were allowed their belligerent blood to cool, were a small shaggy animal and the other a brindle Boston bull of several times, with honors about even, and finally each got a grip on an ear when a man at each end took the dogs by the hind legs, another rapped one of the dogs in the jaw and the fighters fell apart.

The shaggy animal was given a toss into a doorway, while the other was hustled off by the collar through the crowd by its owner, a woman in deep mourning and heavily veiled. She dragged him along Main street along past the car station and around the corner into Ferry street, where he quieted down when he could no longer see his adversary.

ARREST IN NEW LONDON.

Joseph Sisson of Ledyard Fancies He Has Much Money.

A man who claims to be Joseph Sisson of Ledyard and a farm hand lately employed by James Lathrop of Norwich was taken into custody Monday morning in New London, following Sisson's appearance at the Union Loan and Trust company's bank demanding \$4,000, which he alleges he deposited in the institution, but he was so persistent in his demands that his arrest was asked. Sisson is undoubtedly suffering from a mental affliction. He was arraigned in court and his case continued for a week that he may be examined by doctors.

Sisson declares that he well known Edward had in Norwich, and

that he has a bank book at the home of his wife's former place showing his deposit in that institution, which is undoubtedly hallucination. Sisson also declares that the reason for his not residing in Ledyard is because an attempt has been made on his life twice by his wife. He went to the bank shortly after 10 o'clock and walking up to one of the windows demanded \$4,000, which he declared he had deposited there four years ago.

The man was asked for his bank book, which of course he could not produce, and it was when he became persistent in asking for the money that a request was made for his arrest.

ARGUMENTS FINISHED IN GILBERT TRANSPORTATION CO.

Complex Questions Left for Decision by Judge Haines.

The attorneys in the suit of Rissoff vs. the Gilbert Transportation company will file briefs on Monday with Judge Haines at Middletown sitting at a special master to hear the case at the direction of Judge Holt. When the hearing was adjourned a few weeks ago it was with the understanding that testimony be heard on one point Monday from a man who was then in Europe. Since then counsel have agreed upon this particular point and there will be no further hearing. As half a dozen lawyers will submit briefs, and as there is much documentary evidence to be submitted and looked over, it may be some time before there will be a judgment by Judge Haines. The case is complex and some questions have been left to his decision that have not been passed upon by the supreme court.

To Be Made.

The registrars of voters have given the use of the polls to those who desire to be made voters this fall to the effect that Thursday, Sept. 18, from 9 o'clock in the morning to 5 o'clock in the afternoon, they will be in session to receive applications, which must be in writing, and none will be received after 5 o'clock of that day. The places they will be in session are named in the legal notice and the following gentlemen are authorized to accept applications: Tyler D. Guy, Cornelius J. Downes, First district; Herbert M. Lerou, Thomas J. Kelly, Second district; Timothy A. Carey, John W. McKinley, Third district; Albert J. Bailey, Patrick J. Connell, Fourth district; George N. Beadown, William Delaney, Fifth district; Henry Gebrath, James W. Blackburn, Sixth district.

CELEBRATED HALF CENTURY OF MARRIED LIFE.

Mr. and Mrs. William R. Cowan Received Greetings of Relatives and Friends.

Mr. and Mrs. William R. Cowan observed their golden wedding anniversary Monday at their home, No. 31 Newton street, surrounded by their entire family and a number of friends and neighbors. Mr. and Mrs. Cowan received informally from 2 to 4 o'clock and many friends called to extend their congratulations. Four sons, William R. Jr., A. Otis, Fred F. and Walter M. Cowan, acted as ushers, and Mrs. Cowan was assisted in receiving by her daughter, Mrs. M. Howard Ferguson, of Worcester. The guest book was in the keeping of Miss Mildred Cowan of Lynn. Many beautiful gifts in remembrance of the anniversary were received by the happy couple. Among the gifts were four purses of gold, one from their children, one from the First Baptist church, one from the Bible school and one from the loyalty club of the Bible school of which Mr. Cowan has been the teacher for over 20 years. The class attended in a body. A delectable collation was served.

Among the many present were Mr. and Mrs. William R. Cowan of Hartford, Mr. and Mrs. A. Otis Cowan and Mr. and Mrs. Fred F. Cowan of Lynn, Mr. and Mrs. M. Howard Ferguson of Worcester, Walter M. Cowan of this city, Claude A. Cowan, Miss Mildred Cowan of Lynn, Jerome P. Cowan of Hartford, Robert F. Cowan of Lynn and Otis C. and Stanley Bell Ferguson of Worcester, the last five named being grandchildren. Mrs. Mary E. Crane of Manahawkin, N. J., a cousin of Mrs. Cowan, and who was a wedding guest a half century ago.

In the year 1863, in New York, Mr. and Mrs. Cowan were married in marriage by Rev. Alfred Cookman, pastor of Trinity Methodist church. Mr. Cowan passed his boyhood days in this city and mastered the trade of book-binding with L. & E. Edwards in the year 1882. He accepted a position with J. Z. Prebble & Co. of New York in 1880, remaining in that city for 11 years. He returned to Norwich in 1897 and purchased the business of Harvey Corning, which he has since conducted. Walter M. Cowan, a son, became associated with him in 1910, the business then taking the name of W. R. Cowan & Son. For many years Mr. Cowan was actively engaged in the work of the First Baptist church, having been a member of the building committee and board of trustees and having filled the office of deacon for a number of years. He was superintendent of the Sunday school of the church for 13 years. Mr. Cowan is a member of Unadun lodge, No. 11, I. O. O. F. Mr. Cowan has made his chief pleasure his home circle and his church work and has been admirably assisted by his wife.

Out of town guests who were unable to attend sent their hearty congratulations.

Norwich was the winner of the contest between this and the New London districts of the Metropolitan Life Insurance company during the months of July and August, and on Saturday Superintendent Groden and his New London staff paid by entertaining the agents of the Norwich district with a clambake at Brightman's pond, R. I.

GIANTS AND PHILLIES MUST FINISH GAME.

Directors Order Contest Continued Under Same Status as When Stopped by Umpire Brennan.

Cincinnati, Sept. 15.—Making a precedent, the board of directors of the National League tonight ordered the game that was played between the New York and Philadelphia National League clubs on August 30, finished on October 2nd with the same men in the field and the same status existing that existed on the day the umpire, Brennan, awarded the game to New York on account of the spectators' allegedly interfering with batters.

FOR THEFT OF BRASS STEERING WHEEL.

Thomas N. Gandy Under \$500 Bonds for Superior Court Trial.

Thomas N. Gandy was bound over to the superior court Monday from the New London police court, charged with theft of a brass steering wheel, under bonds of \$500. Louis Lubchansky, a witness in Gandy's defense, was reprimanded by the court for insinuating that Prosecuting Attorney Cronin lied. It was in cross examination that the witness' aspersion was made. "If you want to lie, I can lie, too," said Lubchansky.

The prosecuting officer appealed to the court. Judge Colt told the witness that improper use of the English language by him a second time would result in his being sent to jail for contempt. Lubchansky was then obliged to answer a question to the effect that he had been convicted of theft.

Gandy was charged with stealing a brass steering wheel from tug Rambler, which lies at a wharf at New London Marine Iron Work company's yard. The wheel was found in a junk shop.

Incidents in Society.

Mrs. Guy B. Eastman has returned after a trip to Europe.

Miss Frances R. Whitney left Monday for Natick, Mass., where she is to teach at the Walnut Hill school.

Mr. and Mrs. William Ellery Allen, who have been guests of Dr. Leonard B. Almy, have gone to Harborton, Va.

Miss Annie Thresher has returned to New York, after a visit with her mother, Mrs. S. S. Thresher, at the latter's summer home in Mystic.

Invitations have been received by local members from the Eastern Connecticut Mt. Holyoke Alumnae association for a fall picnic Saturday at Ocean Beach.

Members of local society will be in Lyme today for the wedding of Miss Daphne Ely and Arthur Worthington Bunnell, at Prospect, the home of Mr. and Mrs. E. Stiles Ely.

Colonel and Mrs. Charles W. Gale, who started Monday for a six months' trip around the world, left their friends a complete itinerary, indicating their whereabouts from Sept. 15 to March 16, 1914, when they are due back in Norwich.

THIN FOLKS WHO WOULD BE FAT

Increase in Weight Ten Pounds or More

A Physician's Advice

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste. To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood, and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back. Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.
